**Professional & Technical Staff Union (PTSU)**

The Professional & Technical Staff Union (PTSU) is Local 60551 of the Public Service Alliance of Canada (PSAC). Each Fall and Winter the PSAC offers some of the best union education courses in the Canadian labour movement. Your Executive Board and some of your fellow Members have attended these courses. We can assure you this is the case. PSAC regional education committees determine each region's programming. For us that would be all of New Brunswick. Seat(s) on the education courses are then offered for PSAC Union Local Members within the Province. These seat(s) are limited; PTSU usually only receives one (1) seat/course due to the demand for PSAC's education offerings. We do not want those seat(s) to go unused! The Fall 2021 New Brunswick regional course schedule should be released sometime in September. PTSU will be reaching out to you then with information about the available training (and there are prerequisite course[s] in PSAC education). We would remind everyone that in-person PSAC training takes place, for the most part, on **weekends** (Saturdays and Sundays). You must be a Member in Good Standing to be considered to enroll in the education programs. As well, where the availability of training is limited, please – when indicating your desire to participate – make certain you are free/available to do so on the weekend the program is being held.
